

# Scholarship Skeins Sneak Peek

Our very own Andrew Goss from Indiana University has designed an amazing hand-dyed colorway. It is 100% Cotton Sport Weight. There will be 3 different colorways, designed and dyed by Andrew.

These colorways will be available from Andrew at the Needle Arts get together on Wednesday morning at the conference. The yarn is available for a freewill donation on the honor system to the TAICEP Professional Development Sponsorship.

## This year's colors:

TAICEP is the leading organization that serves the unique needs of international credential evaluators. As the work of international credential evaluators grows and becomes more complex, your sponsorship will help promote, educate and sustain the Association. Sponsorship supports activities to build the association, develop standards for the profession, and develop resources for international credential evaluation professionals.
